Experience Tradition, Embrace Innovation

Our young adult programme is designed for students aged 16-20 who wish to spend their time in Ireland with other international teenagers of a similar age group.

Students participating in this programme will attend four hours of English language tuition per day, either in the mornings or afternoons.

Students will also have the freedom to explore the city independently or participate in cultural and social activities organised by the Institute around the theme “Discovering Dublin”.

Students who choose a residential option will be accommodated in Trinity Hall Residence (single or twin rooms). Alternatively, students can choose a homestay option (twin room) and attend their classes in one of our homestay centres.

Dates and Availability

The young adult programme will run in July and August. Courses begin every Monday for a minimum of two weeks. Please check our Price List for dates and contact the Institute for availability.

Teaching Materials

We use the most up-to-date textbooks and materials. Students are entitled to the use of a textbook during their course and each student receives learning materials (worksheets, supplementary exercises, etc.) as part of the course package.

Testing and Placement

Students are given an oral and written placement test on their first day. Progress is monitored on an ongoing basis and class levels adjusted accordingly.

Class size

Ranging from intermediate to advanced level, classes have an average of 10 students and a maximum of 15.

What is included in the Young Adult Programme fee?

20 hours of general English group tuition per week, in the morning or afternoons (60 minute lessons)

Lesson Content

The Young Adult Programme will assist in building the skills students will need to contribute positively to a democratic society. It encourages reflection on their own values and learning styles and gives them the opportunity to imagine and create ways in which they can make a difference to their own lives and to their communities. It helps students to gain a greater understanding of their human rights and social responsibilities; fosters an awareness of what it means to live responsibly in a democracy; and how to develop confidence, communication skills and leadership skills by working with others, showing them how their wellbeing is connected to the wellbeing of others.

A minimum English language level of B1 is required for this course.

Aim

This course aims to develop students' language skills in an environment which also encourages them to participate as active citizens in contemporary society at local, national and global levels, based on an understanding of human rights and social responsibilities. Self-reflection is a key part of this. Interesting insights into the world of work and university will be given through workshops and seminars.
